### • OUR SCHOOLS PARTNERS

We offer our best wishes for the students and teachers of the Lycée Hôtellerie & Tourisme Alexandre Dumas of Illkirch Graffenstaden for the starting schoolyear

Managed by their teachers, the students will ensure for the 23rd consecutive year, the wine service during the competition. A rich live experience for those future sommeliers.

For the first time, we will also have the great pleasure to welcome the students of the Académie Internationale du Vin en Alsace [www.aiva-eu.com](http://www.aiva-eu.com). The AIVA juror students, as observers, are invited to taste the competing white wines. They will mark the samples according to the OIV rules exactly in the same conditions as the expert jurors, even if their points will not be taken into account for the final compilation. A great challenge for the students and the opportunity of meeting worldwide experts!

*The Strasbourg Evénements team is so proud of these partnerships: such also is Le Mondial des Vins Blancs Strasbourg when, the competition welcomes and trains future wine jurors !*

*WINEGROWERS, JURORS, PRESS and WINEWORLD PARTNERS, thank you so much for your significant return: your mobilization and your tenacity promises a great 2020 edition!*
